FOR IMMEDIATE RELEASE

KOLPAK® OFFERS TOTAL COOLING CONTROL & EFFICIENCY WITH ARCTIC FOX® WIFI

New Port Richey, FL. – February 7, 2019 – Kolpak, Welbilt’s leading global brand for walk-in refrigeration and freezers, will showcase its product line-up at The North American Association of Food Equipment Manufacturers (NAFEM) Show, which will be held between February 7 and 9 in Orlando, Florida, at Orange County Convention Center.

As the cold standard for walk-in refrigeration and freezers, Kolpak protects the quality of your food and service, and in this way supports your future profits. It provides cold storage solutions ranging from refrigeration systems, self-contained walk-ins and step-ins, refrigerated warehouses to pre-assembled walk-ins and walk-in accessories. With its straightforward designs and lasting durability, Kolpak’s solutions are made to withstand all the daily pressures of a kitchen operation. Its walk-ins are easy to use, maintain, and help improve and streamline workflow.

Kolpak offers a variety of the most energy efficient hardware and accessories to fit your walk-in cooler or freezer needs. Its custom-design solutions provide the maximum cold holding performance with minimum environmental impact, all while saving you money on energy costs, operating costs, and overall cost of ownership. For instance, the Smart-Pak energy saving walk-in package can reduce your energy consumption by up to 50% during normal use by taking advantage of the energy saving Arctic Fox® Temperature controls, the Kolpak Air Shield, standard LED lighting and the fully adjustable door hinge package. The Arctic Fox Controller offers operators peace of mind and quality management through remote monitoring via WiFi connectivity and notifications by text/e-mail messaging for alarms/alerts and also allows to monitor equipment or make adjustments using smart phone/tablet/computer.

We look forward to welcoming all foodservice professionals at the NAFEM Show. Stop by Welbilt booth #3200 to find out more about how Kolpak’s products and customized solutions can support your operation’s needs, or please visit <https://www.kolpak.com>.
